# Advantage Insulated Steel Raised Panel Garage Doors

For homeowners or home builders who want the classic look of raised panel doors, the insulation value of a stable polystyrene core, and the strength and practicality of pre-finished steel, General Doors offers the Advantage Raised Panel line.

## Three layer construction using full 26 gauge G-60 galvanized steel skins inside and outside

- Sandwich-type construction with 1-3/8" polystyrene insulation, pressure bonded between two skins of 26 gauge (.017) G60 steel
- Steel is rust-proofed with hot-dipped galvanizing, pre-painted on both sides with a primer, and finished with a top coat of baked on polyester for an exterior paint thickness of 1.0 mil
- Three layer construction provides a calculated insulation value of R-6.7, along with exceptional strength and a substantial, solid feel during operation
- Finely detailed wood grain surface with deeply embossed panels for a sharp, well-defined appearance.
- Raised panel sizes of appropriate proportions and spacing ensure all door sizes have an authentic raised panel look
- Double Tongue and Groove joint for the tightest section fit possible
- Thermal break between steel skins
- Also available in a flush version

- Heavy duty hardware and commercial grade 14 gauge full leaf hinges are standard
- Three year hardware warranty

## Sizes

Standard widths:

8', 9', 10', 16', and 18'

Special order widths are available up to 18'

Standard heights:

6'6", 7', 7'6", and 8'

## Number of Panels Across

Up to 10' wide	4 panels
12' to 14' wide	6 panels
15' to 18' wide	8 panels

## WINDOW OPTIONS

Garage door windows have a great deal to do with the overall look of any garage door. General Doors' Advantage doors up to 10' wide are available with either two windows (long panel) or four windows (short panel), plus several distinctive design trim styles that work with a variety of architecture. Wider doors have different layouts. Color matched frames and design trim inserts that snap-in and snap-out for easy glass cleaning are standard.

Advantage windows are either single or insulated glass.

405 Sunburst Short Panel (on 15', 16', & 18' wide doors only)

405 Sunburst Long Panel (on 15', 16', & 18' wide doors only)

## Here's why we can offer a "Lifetime Rust-Through Warranty"

A standard feature of the Advantage is our tough, anti-corrosion protection – inside and out.

1-3/8" thick  
Polystyrene  
Inner Core

Base Steel

Hot-dipped Zinc  
Coat (Galvanized)

Primer Coat

Baked-on  
Polyester  
Top Coat

## Door Colors

ARCTIC WHITE

ALMOND

DEEP BROWN

SANDTONE

Our Advantage is available in four color choices. Although doors should not need repainting, if a custom color is required, our paint system provides an excellent base for any field applied paint.

## Top Quality Hardware

Heavy-duty track with a unique elliptical curve reduces the force necessary to roll the door along the track, making opening and closing easier and smoother. Full leaf, heavy gauge hinges offer superior strength and years of trouble-free operation.

# There's an Advantage Door for Every Garage

Sandwich-type construction with 26 gauge steel both sides

Unique, double tongue-in-groove joint with thermal break

Durable two coat baked-on polyester finish on top of G-60 hot dipped galvanized steel, inside and out

Finely detailed wood grain texture and deeply embossed panels

**Details distinguish well designed doors from ordinary doors. Compare the authentic raised panel appearance of our doors to any other.**

Resilient vinyl weather strip minimizes air filtration

Lifetime limited warranty against rust-through and/or delamination of door face. See dealer for complete warranty information.
